

R.R BUILDERS

CUSTOM WOODWORK • DOORS • JOINERY

Solid-wood doors, wardrobes, furniture, paneling and finishing — crafted from premium timber in Teak, Oak, Walnut, Sheesham, Deodar, Ash and Mahogany by one accountable team.

PREMIUM SOLID WOODS

Seven signature timbers, matched to the job.

EVERY TYPE OF DOOR

Panel, carved, slatted, glazed and grand entrances.

POLISH & FINISHING

Matte, satin, gloss, PU, Duco and lacquer, in-house.

Mastering the art of woodwork

The finishing process

At R.R Builders we believe every piece of wood has a unique story. Our meticulous milling, joinery and finishing bring out the absolute best in the material.

Whether it's a deep, glass-like ebony gloss or a natural, textured matte feel, our master artisans deliver a flawless surface that stands the test of time.

*Design · material selection · joinery · finishing · installation —
delivered as one accountable scope.*

Services at a glance

01

Doors

Interior, main, washroom and kitchen doors — panel, flush, carved, glazed and grand double doors.

02

Wardrobes & Almari

Fitted wardrobes, dressing units, storage and almari — hinged or sliding shutters.

03

Kitchen cabinetry

Base and wall units, islands, pantry and fully modular kitchens in ply or MDF.

04

Paneling & ceilings

Wood wall paneling, louvers, fluted columns and coffered / beamed wood ceilings.

05

Furniture & joinery

Beds, tables, TV units, executive desks, reception counters and custom pieces.

06

Polishing & finishing

Matte, satin, high-gloss, PU, Duco, melamine and lacquer — done in-house.

Comprehensive wood selection

The right timber for every job

Every project has unique structural and aesthetic demands. We guide you to the right wood — from the durability of Teak and Oak to the deep, luxurious appeal of Mahogany, Sheesham and Walnut.

- Teak — durable & weather-resistant
- Oak — classic, hard-wearing grain
- Walnut — rich modern luxury
- Sheesham — dense heritage rosewood
- Deodar — light, aromatic, stable
- Ash — strong linear, minimal
- Mahogany — warm, stable, refined

Sheesham Wood

CARVED SHEESHAM ROOM DOOR

SHEESHAM (ROSEWOOD)

The hallmark of Pakistani luxury

Renowned for its incredible density and deep, rich colour, Sheesham (Indian Rosewood) is the undisputed symbol of traditional luxury in Pakistani architecture.

Our solid Sheesham doors are deeply carved by master artisans — heavy, opulent focal points for heritage homes and high-end interiors.

Best for: Carved doors, beds and heavy heritage furniture

Teak Wood

TEAK (SAGWAN)

Durability against the elements

Teak's naturally occurring oils give it exceptional water resistance — actively preventing warping, swelling and rot.

From grand exterior double doors to washroom doors, solid Teak withstands rain, sun and shifting temperatures while keeping its stunning natural aesthetic year after year.

Best for: Main & exterior doors, washroom doors, outdoor joinery

SOLID TEAK DOUBLE ENTRANCE DOORS

Walnut Wood

WALNUT (AKHROT) • SATIN LACQUER

A modern luxury combination

Walnut offers an unmatched combination of rich, chocolate-brown tones and captivating, swirling grain patterns — the premier choice for modern luxury interiors.

Our solid-core walnut doors are finished in premium satin lacquer with designer matte-black hardware: a sleek, contemporary profile with excellent sound insulation, in standard or custom sizes.

Best for: Feature doors, executive suites and premium bedrooms

Ash Wood

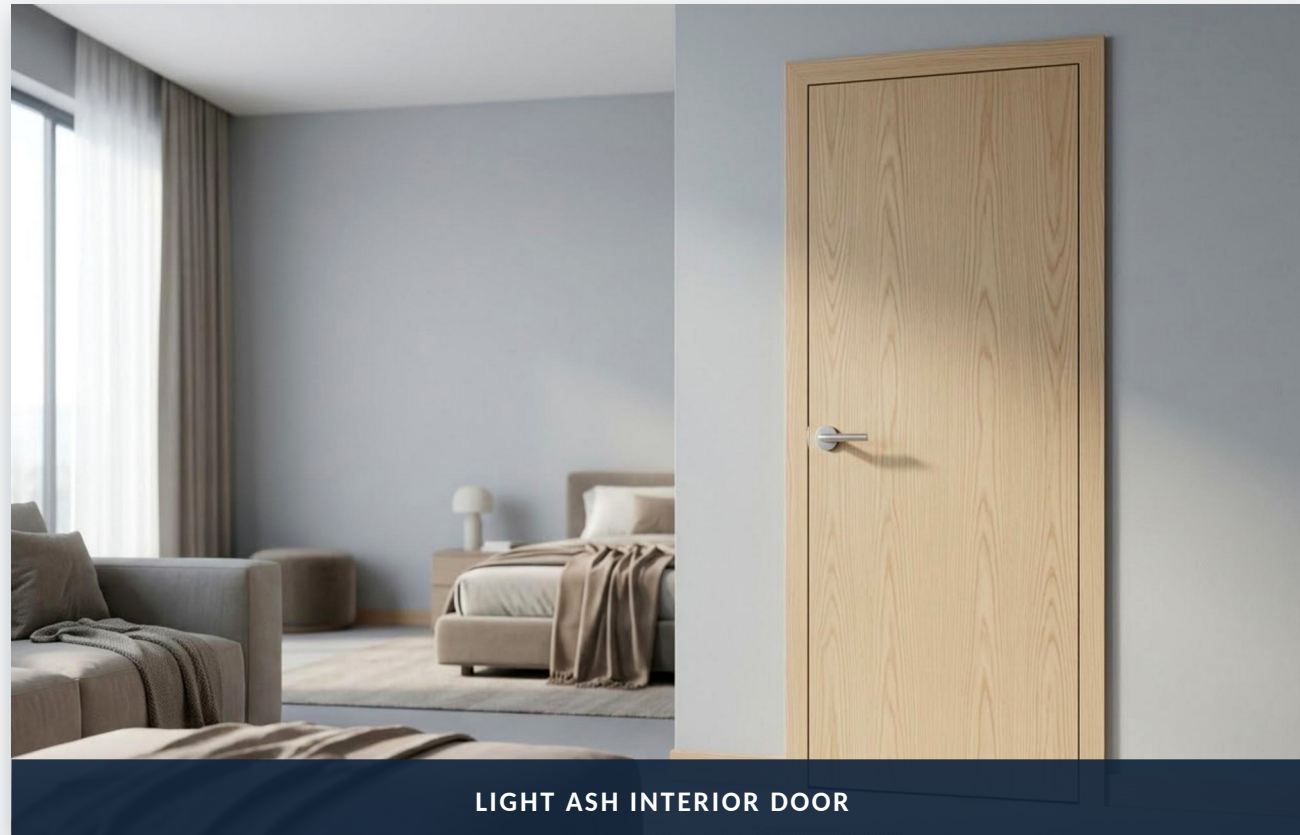

ASH

Strong, light and linear

Ash is celebrated for its strong, distinct linear grain and beautifully light, natural tones — ideal for modern, minimal spaces.

It blends seamlessly into bright, contemporary rooms, delivers an airy open feel without sacrificing the strength of solid hardwood, and takes custom stains exceptionally well.

Best for: Modern interior doors and minimalist spaces

LIGHT ASH INTERIOR DOOR

Deodar Wood

DEODAR (DIYAR)

Natural mountain heritage

Deodar offers a beautifully light, natural character with a highly distinct, uniform straight grain.

Traditionally used across the northern regions of Pakistan, it brings exceptional workability to premium interior doors, ceiling panels and fine joinery.

Best for: Interior doors, ceiling panels and frames

Mahogany Wood

MAHOGANY

Bespoke joinery & creations

Known for its incredible structural stability and warm, rich reddish-brown hues, Mahogany is our premier choice for high-end bespoke furniture.

In our workshop, massive blocks of raw timber are transformed into breathtaking furniture, complex artisan joinery and classical luxury wall paneling.

Best for: Bespoke furniture, joinery and classic paneling

MAHOGANY CREATIONS IN OUR WORKSHOP

Every type of door

Panel

Framed stiles and rails with raised or flat panels.

Flush

Clean, seamless face — light and modern.

Carved

Engraved patterns and mouldings for a statement.

Glazed / French

Wood frames with glass to carry light.

Louvered

Slatted for airflow — stores and utility.

Sliding / Wardrobe

Space-saving shutters for wardrobes.

Wire-Gauze (Safe)

Ventilated mesh doors for food safes and almari.

Main / Double

Solid, heavy entrance doors with premium hardware.

Every style is built to size in your chosen solid wood and finish, with hinges, locks and handles specified up front.

Classic 2-Panel Door

SOLID OAK & ASH

Time-honoured panel design

The classic panel door remains a staple of interior architectural beauty and robust construction.

We craft these using premium hardwoods with meticulous milling to create deep, pronounced panel profiles — sharp details that add rich depth and shadow to your hallways.

Best for: Bedrooms, lounges and interior rooms

Classical Deep-Profile Door

SOLID OAK

Classical door architecture

For clients who appreciate classical, heavy architecture, our deeply profiled solid panel doors are unmatched.

Intricate, multi-tiered moulding and robust solid-wood construction give exceptional soundproofing, privacy and a substantial, premium feel that hollow-core doors cannot replicate.

Best for: Master bedrooms, studies and premium interiors

Slatted Smart Door

WALNUT • SMART-LOCK READY

Traditional craft, modern technology

R.R Builders blends traditional woodworking craftsmanship with cutting-edge smart-home technology.

Our modern slatted wood doors offer a striking, contemporary aesthetic — engineered to accommodate smart-lock systems, biometric scanners and sleek, oversized minimalist hardware.

Best for: Villa and house main entrances

Islamic Geometric Carved Door

CARVED • GRAND FOYER

Intricate artistic detailing

For projects that call for a culturally resonant touch, our master craftsmen execute highly complex Islamic geometric patterns.

Using CNC-assisted precision combined with hand-finishing, we transform a functional wooden door into a breathtaking piece of architectural art that commands attention in any grand foyer.

Best for: Grand entrances, offices and feature doorways

Grand Custom Entrance

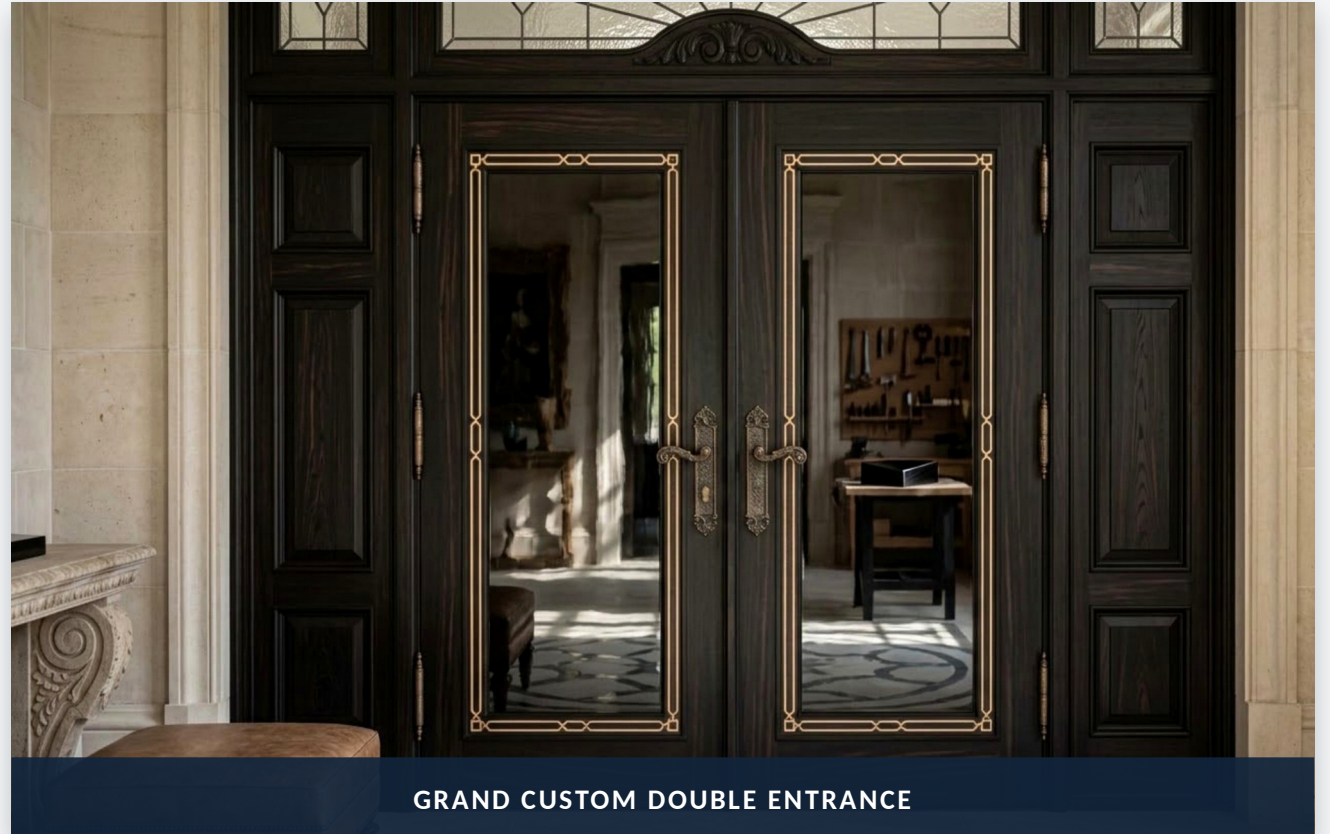

EXOTIC WOOD • GOLD • GLASS

Make an unforgettable first impression

Our custom-designed grand entryways combine deeply stained, nearly-black exotic woods with exquisite gold hardware detailing and bevelled glass inserts.

The result is a highly dramatic, luxurious entrance fit for sprawling estates and boutique luxury hotels.

Best for: Estate and boutique-hotel main entrances

GRAND CUSTOM DOUBLE ENTRANCE

Smooth Oak Veneer Door

SMOOTH OAK VENEER ENTRANCE

OAK • PIVOT ENTRANCE

Clean lines, warm timber

A full-height pivot entrance in seamless oak veneer — a single, uninterrupted run of grain that reads as calm, modern luxury.

Framed by slim glazed sidelights and finished with a full-length brushed-gold handle, it makes a quiet but confident first impression.

Best for: Modern villas and minimalist facades

Walnut Lattice Weave Door

WALNUT • HAND-CARVED

A woven basket of solid walnut

Deep, three-dimensional lattice blocks are hand-assembled across the full height of the door for a rich, tactile geometric rhythm.

Rendered in warm walnut with glazed sidelights and a slim gold handle, it turns the entrance into a crafted focal point.

Best for: Statement main entrances and grand facades

Walnut Parquet Door

WALNUT • PARQUET INLAY

Interlocking parquet blocks

Short walnut blocks are laid in shifting directions to form a maze-like parquet that catches the light differently from every angle.

Set in a slim black frame with a glazed transom and sidelights, it pairs old-world marquetry skill with a sharp, contemporary silhouette.

Best for: Contemporary homes and boutique entrances

Oak Vertical Slat Door

OAK • FLUTED SLATS

Vertical rhythm in warm oak

Evenly spaced vertical grooves run the full height of the door, drawing the eye upward and adding subtle texture without ornament.

Finished in natural oak with glazed sidelights and a full-length gold handle — understated, architectural and timeless.

Best for: Modern main doors and tall entryways

YOUR ENTRANCE, YOUR CHOICE

Entrance design options

We design it three ways — you choose

Before we craft your main door, we render your exact entrance in several directions so you can compare the look on your own facade — then approve the one that fits your home.

Design A — Geometric

Bold carved parquet or lattice patterns for a striking, contemporary statement.

Design B — Panelled

Classic raised or three-panel walnut with refined moulding and a timeless feel.

Design C — Wood & Gold

A signature timber door with an inlaid brushed-gold feature panel for pure luxury.

Executive furniture & joinery

PREMIUM WALNUT

Bespoke corporate furniture

Our woodworking expertise extends far beyond doors into complete executive-suite and boardroom solutions.

We design and manufacture premium Walnut executive desks and credenzas — plus beds, dining sets, TV consoles, shelving and reception counters — that project authority and taste.

Best for: Executive offices, boardrooms and premium homes

BESPOKE WALNUT EXECUTIVE DESK

Wall paneling & wood ceilings

MAHOGANY LIBRARY PANELING

COFFERED WOOD CEILING

Floor-to-ceiling elegance

Architectural wall paneling

Rich, polished hardwoods with classic fluted columns and raised panels — floor-to-ceiling elegance that improves acoustics and adds lasting value.

Libraries & executive suites

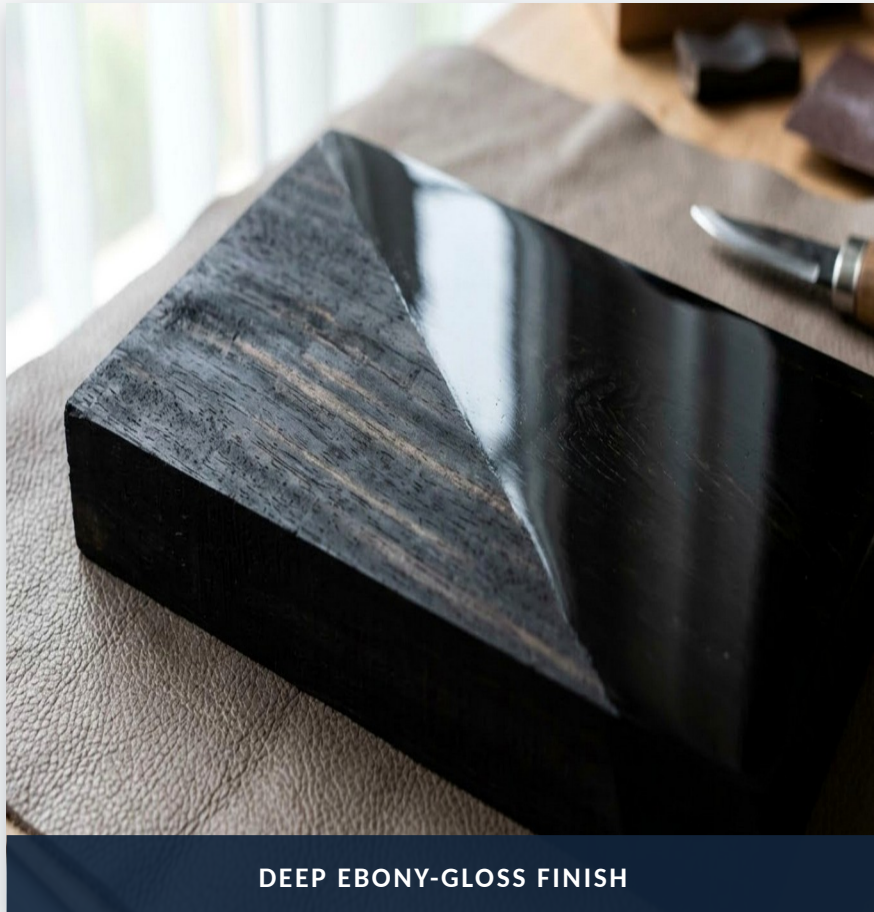

Full library build-outs and quiet, sophisticated retreats finished to match your interior.

Structural wood ceilings

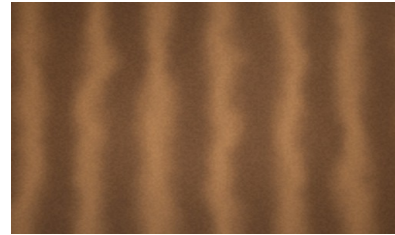

Complex coffered and beamed ceiling systems in light woods like Deodar and Oak — warmth and grandeur for expansive spaces.

Polishing & finishing

DEEP EBONY-GLOSS FINISH

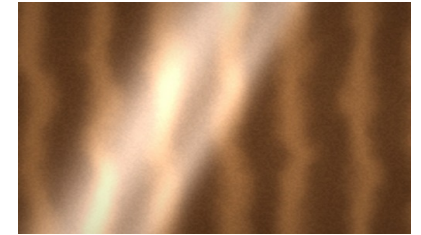

Matte

Natural, non-reflective; hides marks.

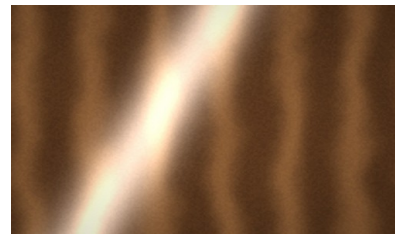

Satin

Soft sheen — the popular all-rounder.

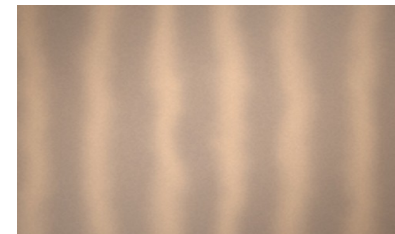

High-Gloss

Mirror shine; bold and wipe-clean.

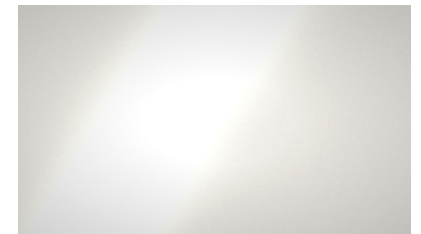

PU Coating

Tough, deep, water-resistant.

Melamine

Even factory sheen; scratch-resistant.

Duco Paint

Opaque sprayed colour, ultra-smooth.

Our client portfolio

Luxury Residential

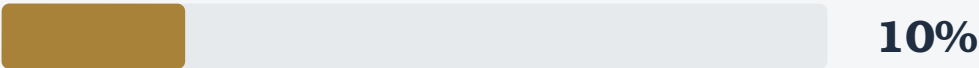

Commercial & Executive

Heritage Restoration

Boutique Hospitality

Our primary focus is the luxury residential market, with a strong footprint in high-end commercial spaces.

Why R.R Builders

- One accountable team, start to finish
- Seasoned, defect-checked solid timber
